REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 8, and 15, none of the references, either singularly or in combination, teach or suggest to a person of ordinary skill in the art at the time of the invention the combination of features presented by the claim limitations. The examiner notes that while creating a document model for generating a semantically and syntactically valid document is in and of itself not considered a novel feature (See Examiner Referenced Prior Art and Background of Applicant's Specification), but in light of the combination of the features of the independent claims the limitations of claims 1, 8, and 15 are considered novel, and unobvious to a person of ordinary skill in the art at the time the invention was made in view of the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
